The Nashville Design Collective Opens New Showrooms

Nashville's first designated design destination, N D C , is welcoming many new and relocated showrooms to their Wedgewood-Houston location. Their two buildings will offer leasable showroom space and private/semi-private office space for interior designers, architects and trade professionals. N D C will offer an outdoor deck, multiple meeting spaces, conference rooms and dedicated event space for product launches, book signings and trunk shows. A casual café and surface parking will also be available. The space is designed to integrate seamlessly into Nashville's group of designers, architects and builders.
